PROOF OF SERVICE

I am employed in the County of Los Angeles, State of California. I am over the age of 18 and not a party to the within action. My business address is 444 South Flower Street, Suite 1100, Los Angeles, California 90071.

On June 16, 2008, I served the within document(s) described as:

**NOTICE OF ERRATA RE DECLARATION OF LISA KRALIK HANSEN IN SUPPORT OF DEFENDANT DETROIT DIESEL'S MOTION TO DISMISS AND, IN THE ALTERNATIVE, MOTION FOR SUMMARY JUDGMENT; EXHIBIT 4 TO MOTION**

on the interested parties in this action as stated on the attached mailing list.

☒ (BY MAIL) By placing a true copy of the foregoing document(s) in a sealed envelope addressed as set forth on the attached mailing list. I placed each such envelope for collection and mailing following ordinary business practices. I am readily familiar with this Firm's practice for collection and processing of correspondence for mailing. Under that practice, the correspondence would be deposited with the United States Postal Service on that same day, with postage thereon fully prepaid at Los Angeles, California, in the ordinary course of business. I am aware that on motion of the party served, service is presumed invalid if postal cancellation date or postage meter date is more than one day after date of deposit for mailing in affidavit.

☐ (BY FAX) By transmitting a true copy of the foregoing document(s) via facsimile transmission from this Firm's sending facsimile machine, whose telephone number is (213) 533-5444, to each interested party at the facsimile machine telephone number(s) set forth on the attached mailing list. Said transmission(s) were completed on the aforesaid date at the time stated on the transmission record issued by this Firm's sending facsimile machine. Each such transmission was reported as complete and without error and a transmission report was properly issued by this Firm's sending facsimile machine for each interested party served. A true copy of each transmission report is attached to the office copy of this proof of service and will be provided upon request.

I certify that I am employed in the office of a member of the bar of this Court at whose direction the service was made.

Executed on June 16, 2008, at Los Angeles, California.

I declare under penalty of perjury that the foregoing is true and correct.

1 needed some work. You were at Murray's or near Murray's  
2 and went over there and bought a new tractor for your  
3 company, correct?

4 A. I was not. My driver was there. I was here.

5 Q. Which driver bought it?

6 A. Amelia Rashkova.

7 Q. And did you give her authorization over the  
8 phone to pick out a tractor?

9 A. Yeah. We talked with the salespeople over  
10 there a couple of days. We exchange information and  
11 then we'll decide to go for this tractor.

12 Q. You were here in San Diego?

13 A. San Diego, yeah.

14 Q. So according to Exhibit 38 it looks like you  
15 paid -- you were given a credit of 11,897. Is that the  
16 2000 Conventional or 2000 Century?

17 A. Correct.

18 Q. And then so your unpaid cash balance was  
19 \$100,050. Is that correct?

20 A. Correct.

21 Q. And how did -- did you finance that?

22 A. Through Daimler Benz Mercedes, Daimler Benz.  
23 The same financial institution I use for the '04.

24 Q. And what are your monthly payments on the 2005  
25 XL tractor, approximately?

1 A. A little bit over \$2,000.

2 Q. And you're current on those payments, true?

3 A. True.

4 Q. And you purchased this tractor on March 2nd,  
5 2005?

6 A. Correct.

7 Q. Did you have any problems with the sales folks  
8 there at Murray's Freightliner?

9 A. No.

10 Q. Did you receive a Freightliner warranty for  
11 the 2005 Freightliner?

12 A. I assume we did, yeah.

13 Q. What I meant was did you receive the same  
14 warranty materials like you had when you purchased the  
15 '04 Columbia?

16 A. Yes, we did.

17 Q. Did you understand at the time of purchase of  
18 this '05 XL that you were receiving a separate warranty  
19 for the engine?

20 MR. JAFFE: Objection. Calls for a legal  
21 conclusion.

22 BY MR. MORENO:

23 Q. You want me to state it again?

24 A. I know that Detroit is covering the engine.

25 Q. Okay.

1 A. That's what you mean?

2 Q. Yeah, that's what I mean, but what I am asking  
3 you at the time you purchased this tractor on March 2nd,  
4 2005, did you have an understanding at that time that  
5 you had a separate warranty for the engine?

6 MR. JAFFE: Objection. Vague and ambiguous as  
7 to separate warranty. Calls for a legal conclusion.

8 You can answer if you can.

9 THE WITNESS: I guess that's what it is.  
10 That's how it's been all the time since I own my first  
11 tractor.

12 BY MR. MORENO:

13 Q. And you've always understood that --

14 A. I am not really familiar with all that  
15 bureaucratic channels, who's covering what, but knew  
16 Freightliner with Detroit engine, you guys figure out  
17 who's going to cover what, but I know that the tractor  
18 got 500,000 miles engine warranty if that's what you're  
19 asking me.

20 Q. Okay. You knew you had a 5,000 mile engine  
21 warranty, correct?

22 A. Correct.

23 MR. JAFFE: Hold on. You said 5,000 miles.

24 BY MR. MORENO:

25 Q. 500,000 --

1           A.    500,000 -- three years or 500,000, whichever  
2           comes first.

3           Q.    And you knew that that warranty was issued by  
4           Detroit Diesel, correct?

5           A.    Correct.

6           Q.    Now, when Amelia took possession of the 2005  
7           tractor, did she call you to -- on her way back to  
8           Southern California with any problems?

9           A.    Oh, yeah, there was a problem right away. I  
10          guess, like, steering pump malfunctioning. They stop  
11          immediately two days after that. As soon as they pick  
12          up the tractor there was a problem with the steering  
13          pump.

14          Q.    And when you say "they," are you talking about  
15          Amelia and her co-driver?

16          A.    The co-driver.

17          Q.    Who was her co-driver when she picked it up?

18          A.    Ivan Brshkov.

19          Q.    How do you spell Ivan's last name?

20          A.    B-r-s-h-k-o-v.

21          Q.    Is that her boyfriend or husband?

22          A.    Something like that. I'm not exactly  
23          familiar, pretty close.

24          Q.    Okay. So two days after they pick it up they  
25          have a steering pump problem and did they take it

1 THE WITNESS: I don't know if I knew, but,  
2 yeah, I guess the new engine Detroit they knew they need  
3 to -- they do occasionally some recall. So I was aware  
4 of this.

5 BY MR. MORENO:

6 Q. Fair enough. Did you make an appointment with  
7 Los Angeles Freightliner to have this work done?

8 A. I drove the tractor there. I guess if you ask  
9 me if I called earlier -- it's the way we usually  
10 proceed over there. You call -- I mean, you go to the  
11 service manager and you tell them you're leaving the  
12 tractor.

13 Q. Did -- and when you dropped it off, did you  
14 tell them you needed the Detroit recall work done?

15 A. No, I did not.

16 Q. What did you tell him that needed to be done  
17 to your tractor when you dropped it off?

18 A. Actually EGR cooler is Detroit, of course,  
19 because I was confused with the other upgrade they claim  
20 they performed.

21 Q. Okay. Let's back up.

22 A. Sorry. I told him EGR cooler upgrade.

23 Q. For your engine?

24 A. Correct.

25 Q. Was there anything else that you wanted them

1 a result -- because of the door handle. Fair statement?

2 A. Absolutely not. Fair statement.

3 Q. Mr. Genchev, the next repair that I have in my  
4 chronology is September 6, 2005, in Salt Lake. Do you  
5 have any repair documents for Salt Lake?

6 A. No, I don't.

7 Q. Do you recall that the unit was at a Salt Lake  
8 facility having some repair work around that time?

9 A. Yes.

10 Q. Let me ask you a question. Let me back up to  
11 Exhibit 40, Mr. Genchev. Is it your understanding that  
12 the work done on Exhibit 40 by Valley Freightliner in  
13 Washington is something that should have been covered  
14 under the engine warranty or the Freightliner warranty?

15 A. I don't know which warranty. I assume it's  
16 Freightliner since -- that's a conflict between you  
17 guys. I don't know. I have warranty, which it's copied  
18 somewhere here, which stated that the tractor is  
19 roadside assist and the warranty is for one year or  
20 100,000 miles.

21 Q. And where you read that from, are you reading  
22 from the Freightliner book or Detroit book?

23 A. Freightliner book, the very last page of the  
24 specs.

25 Q. And you were -- you were within the 12 months

1 didn't understand if that's what you're asking me.

2 BY MR. MORENO:

3 Q. I know that you have an understanding that the  
4 engine has a separate warranty.

5 A. Correct.

6 Q. So I'm asking you sort of the same question.  
7 Do you have an understanding that you have a separate  
8 warranty for your transmission, which includes the  
9 clutch?

10 MR. JAFFE: Same objections.

11 THE WITNESS: I expect Freightliner to take  
12 care of all this, you know, warranty and all that stuff.  
13 For the engine I know for sure, but the clutch, the  
14 transmission I don't know you going to distance yourself  
15 from -- I was told Sunday afternoon that the clutch will  
16 be warrantied and we'll have the paperwork, but by  
17 Monday morning -- Monday morning I was told that Fuller  
18 Eaton had a representative reject the claim. The clutch  
19 will not be warrantied, even told the spring was broken  
20 and lost in the clutch. There was no driver's neglect  
21 in normal wear and tear.

22 BY MR. MORENO:

23 Q. Who told you there was no driver's neglect and  
24 no normal wear and tear or is that your assumption?

25 A. I don't think this guy would make such

Genchev vs. Freightliner, LLC, et al.  
Case No. 05-CV-2071-W (JMA)

Eugene Genchev, Volume II  
March 9, 2007

1           A.    No.  It's called EP5-2, let me -- 05M-2  
2   recall.

3           Q.    They tell you what?

4           A.    That this recall is been already done at LA  
5   Freightliner one year earlier.

6           Q.    Okay.  So my question to you is, I am not  
7   trying to be flip, what's the big deal with the recall?

8           A.    The big deal is I was surprised.  I said  
9   really, who did it?  When my tractor was not for this  
10   purpose in Freightliner, and who did the recall, you  
11   know.  They said according to all the paperwork and  
12   everything, LA Fontana Freightliner did this recall when  
13   your tractor was there.

14          Q.    Okay.  So what's the problem with that?

15          A.    The problem I said let's check, are you sure  
16   about it.  They said they check the parts.  There is  
17   pump number part number which supposed to go off and on  
18   the tractor.  The problem is, Moreno, that was never  
19   done.  Only the paperwork was fixed.  That's the  
20   problem.

21          Q.    So you think that LA Freightliner submitted  
22   all the paperwork to Detroit Diesel for the warranty but  
23   never did the work?

24          A.    Correct.

25          Q.    Because why?  Because you find the same parts

1 on there you've been able to determine the parts are  
2 still there?

3 A. I am not one who's determining this, Moreno.  
4 They're the experts. Detroit, they look at all the part  
5 numbers. They look at the fuel pump, which was  
6 originally which was supposed to be out of this  
7 tractor --

8 Q. Did Detroit Diesel tell you in May of 2006  
9 that according to their records the recalls, both  
10 recalls, had been done but based upon their inspection  
11 the recalls were not done?

12 A. Correct.

13 Q. And who told you that at Detroit Diesel?

14 A. The person at Detroit Diesel right here in San  
15 Diego. That was back in May.

16 Q. Now, in May of 2006 did Detroit Diesel say  
17 we're going to go ahead and really do it now?

18 A. They did it four months later, yeah, they  
19 really did it.

20 Q. Under the warranty?

21 A. Correct.

22 Q. At no cost to you?

23 A. Correct.

24 Q. So you haven't paid a dime for any of this  
25 recall work, have you?

1 A. Correct.

2 Q. -- recall information. It looks like screen  
3 prints maybe from a Detroit computer database I am not  
4 familiar with. A parts catalog printed off a website,  
5 correct?

6 A. Yes.

7 Q. And some warranty claims history, it looks  
8 like, for Detroit?

9 A. Yes.

10 Q. Were you given all these materials,  
11 Exhibit 46, together?

12 A. No, I gather this from different places.

13 Q. Did you gather all these?

14 A. Yeah.

15 Q. And why did you gather all of the information  
16 we have in Exhibit 46. What were you trying --

17 A. Trying to see if the recall was done or was  
18 not done.

19 Q. Okay. So you and I have just gone over that  
20 whole thing. We're on the same page as far as what was  
21 done, what was not done?

22 A. Correct.

23 Q. What you were told and what was eventually  
24 told, true?

25 A. True.

1 Mr. Cummings?

2 A. Correct.

3 Q. Did Mr. Cummings respond in any way whatsoever  
4 to your February 27th, 2006, fax?

5 A. No.

6 MR. JAFFE: Can we take a break?

7 MR. MORENO: Sure.

8 (Off the record.)

9 BY MR. MORENO:

10 Q. We're done talking about Exhibit 48,  
11 Mr. Genchev. And the next exhibit I see coming up is a  
12 Valley Power Systems, which is Detroit, May 16th, 2006.  
13 Before I go to that exhibit, let me ask you from  
14 February -- end of February 2006 to mid May 2006 any  
15 problems with the '05 Freightliner XL?

16 A. No.

17 (Exhibit 49 was marked for identification.)

18 BY MR. MORENO:

19 Q. Okay. Let's go to Exhibit 49, which is the  
20 Valley Power Systems. That's a Detroit authorized  
21 facility, true?

22 A. Uh-huh.

23 Q. Is that a yes?

24 A. Yes.

25 Q. You understand, do you not, Mr. Genchev, that

1     Valley Power Systems cannot perform Freightliner  
2     warranty work?

3             MR. JAFFE: Objection. Lack of foundation.  
4     Calls for a legal conclusion.

5     BY MR. MORENO:

6             Q. Do you understand what I am saying?

7             A. Of course.

8             Q. You know that, right?

9             A. Yes.

10            Q. Okay. Exhibit 49 it says -- make sure I have  
11     them in the right order. Leaking oil from under the  
12     turbo and around diamond seal area and the primary  
13     cause, it looks like, is a turbo oil return pipe O-rings  
14     leak. They steam cleaned your engine, replaced the  
15     O-rings, some gaskets it looks like. Did you or one of  
16     your drivers detect a leak in the engine area?

17            A. Yes.

18            Q. And that's why you folks took it to Detroit?

19            A. Yes.

20            Q. And this leak was found in the turbo, correct?

21            A. Correct.

22            Q. You understand that the turbo is warrantied by  
23     Detroit, true?

24            A. Yes.

1 conclusion.

2 BY MR. MORENO:

3 Q. Valley Power Systems performed this work under  
4 your Detroit warranty at no cost to you, true?

5 A. True.

6 MR. JAFFE: Objection. Calls for a legal  
7 conclusion.

8 BY MR. MORENO:

9 Q. After it was worked on, after this work was  
10 performed, have you had any other leaks in your turbo or  
11 your engine?

12 A. No.

13 Q. All right. Let's go to Exhibit 50 -- actually  
14 at this point in time I'll just -- since we're May 16th,  
15 '06, this is around the time that you wanted to get  
16 recall 05M-2 performed. Why wasn't 05M-2 performed by  
17 Valley when you took the unit there on the 16th of May?

18 A. Because they wanted to charge me for it. They  
19 said this recall on paper already been done by LA  
20 Freightliner.

21 Q. Okay. When you're at Valley on May 16th,  
22 2006, as it's shown in Exhibit 49, is that when you're  
23 told the history regarding the recall that you and I  
24 went through about 20 minutes ago?

25 A. This is when we started, you know, there

1 Q. I wasn't done.

2 Did they tell you that an object had got  
3 caught and was wrapped around the drive shaft and as it  
4 was turning was ripping wires in between the frame  
5 rails, so to speak?

6 A. That's the -- an unknown object, that's what  
7 they call it. Here's the picture of the known object.

8 Q. What do you think is the object that --

9 A. The green cable.

10 Q. You think a green cable became wrapped around  
11 the drive shaft without something hitting the green  
12 cable first and driving it into the drive shaft?

13 A. Correct.

14 Q. Why do you say that?

15 A. Why do I say that?

16 Q. Yeah.

17 MR. JAFFE: Objection. Calls for an expert  
18 opinion.

19 THE WITNESS: I'm an expert on these things.  
20 I drive since '92.

21 BY MR. MORENO:

22 Q. Go ahead and tell me. Tell him. I'm not the  
23 one objecting to your answers -- to the questions. Why  
24 do you think the green cable just got caught up around  
25 the drive shaft?

1 A. No.

2 Q. Did your fuel pump fall out on the freeway?

3 A. No, it did not.

4 Q. Did it get replaced eventually under warranty  
5 at no cost to you by Detroit Diesel?

6 MR. JAFFE: Objection. Mischaracterization.

7 THE WITNESS: Supposed to be, but I'm fighting  
8 for this recall the last four months just to be  
9 performed. So I don't know what you mean no cost to  
10 you.

11 BY MR. MORENO:

12 Q. Has it cost you anything out of your pocket --

13 A. No, no.

14 Q. -- for the fuel pump whatsoever?

15 A. No.

16 Q. Has the fuel pump cost you to miss a trip  
17 across country?

18 A. No.

19 MR. JAFFE: Objection. Calls for an expert  
20 opinion.

21 THE WITNESS: No.

22 (Exhibit 56 was marked for identification.)

23 BY MR. MORENO:

24 Q. We'll mark as Exhibit 56 this October 23rd,  
25 2006, Valley Detroit document.

Genchev vs. Freightliner, LLC, et al.  
Case No. 05-CV-2071-W (JMA)

Eugene Genchev, Volume II  
March 9, 2007

1 A. Not for fuel filters, no.

2 (Exhibit 58 was marked for identification.)

3 BY MR. MORENO:

4 Q. So we're done with 57. Let's go to the next  
5 document, which is a Valley Power Systems 12/20/06  
6 letter. We'll mark that as 58. From 11/1/06,  
7 Mr. Genchev, to 12/20/06 how is the truck running for  
8 you during that time?

9 A. This letter is concerning the same time. So  
10 he just fax it to me later on.

11 Q. Okay.

12 A. The tractor is running okay.

13 Q. So let me withdraw that statement. We'll  
14 discuss this real quick, and then I'll ask you how the  
15 truck has ran since 11/1/06. Okay?

16 Exhibit 58 is a letter. Did you ask someone  
17 from Valley Detroit to send you a letter?

18 A. This letter is stating the handwriting of the  
19 mechanic over here.

20 Q. I understand. My question is --

21 MR. JAFFE: He asked you if you requested  
22 them --

23 THE WITNESS: Yes, I asked them.

24 BY MR. MORENO:

25 Q. You asked Valley to put something in writing

Genchev vs. Freightliner, LLC, et al.  
Case No. 05-CV-2071-W (JMA)

Eugene Genchev, Volume II  
March 9, 2007

1 as to what they had done or worked on, discovered  
2 recently on your '05 tractor, true?

3 A. True.

4 Q. And they agreed to do that for you, true?

5 A. True.

6 Q. And did you tell them you wanted that done  
7 because you had a lawsuit pending against Freightliner?

8 A. At that time? I told them --

9 Q. This is just a few months ago.

10 A. Yeah, I know, but let's back up a little bit  
11 because --

12 Q. Answer my question first if you don't mind.  
13 Then you can tell me.

14 When you asked Valley Detroit to write a  
15 letter on your behalf -- write a letter to you  
16 explaining what they had been working on in the prior  
17 months, did you tell them please write me this letter  
18 explaining what you guys found and what you've done; I'm  
19 suing Freightliner?

20 A. At that time exactly I told them I have a  
21 problems with Freightliner. I don't remember if I told  
22 them specifically at that time suing Freightliner. I  
23 told them I have problems with this Freightliner trucks.

24 Q. Why did you ask them to create Exhibit 58 for  
25 you?

1 BY MR. MORENO:

2 Q. Is it a non-issue?

3 A. Non-issue.

4 Q. Okay. "Oil leak at the Camshaft pocket." Has  
5 that been fixed?

6 A. I guess that was fixed under warranty.

7 Q. Under Freightliner or Detroit warranty?

8 MR. JAFFE: Objection. Lack of foundation.

9 THE WITNESS: Detroit.

10 BY MR. MORENO:

11 Q. Okay. Ten, "Two out of three mounting bolts  
12 for the fuel pump are missing." That's what we talked  
13 about earlier, correct?

14 A. Correct.

15 Q. Even though this is dated 12/20/06, is it your  
16 understanding that these are observations that were made  
17 when they're doing the repairs shown in Exhibit 56 and  
18 57?

19 A. Correct.

20 Q. Okay. Number 11, "05M-2 update has not been  
21 completed, although a claim has been submitted." We've  
22 talked about that, correct?

23 A. Correct.

24 Q. Twelve, "Coolant leak at the EGR cooler, loose  
25 clamp may be the cause." Did they fix that for you?

1 MR. JAFFE: Objection to the characterization.

2 BY MR. MORENO:

3 Q. Seventeen, "Chassis lube and brake adjustment  
4 needed." That's maintenance, non-issue. True  
5 statement?

6 A. True statement.

7 MR. JAFFE: Object to the characterization.

8 THE WITNESS: The only reason I'm showing you  
9 this is for 10 and 11. That's the only thing you can  
10 read over here. That's the --

11 BY MR. MORENO:

12 Q. And we've talked about that, correct?

13 A. Yeah.

14 Q. That's the only -- on Exhibit 58 the only  
15 things that are of any significance to you in this case  
16 are Items 10 and 11, and we've talked about that in  
17 great detail, true?

18 A. True.

19 (Exhibit 59 was marked for identification.)

20 BY MR. MORENO:

21 Q. Fifty-nine will be the page that you put  
22 together which you believe listed all of the expenses  
23 you've wrongly had to incur in connection with your  
24 ownership and the repair history for the 2005 tractor,  
25 true?

Eugene Genchev, Volume II  
March 9, 2007

1 A. True.

2 Q. And if we go through the documents, the  
3 invoices, we can find where you're getting all of the  
4 numbers from, true? Let me ask you a question. Okay.  
5 See the first five set of numbers you have at the top,  
6 are those --

7 A. I --

8 Q. Are those from repair invoices?

9 A. Correct.

10 Q. And the subtotal of these is 6,138.94?

11 A. For the year 2005.

12 Q. Okay. And then for the year 2006 the subtotal  
13 is 5,948.19.

14 A. Correct.

15 Q. Whose motel for \$278 is that?

16 A. I don't know. I assume some of the drivers  
17 when they were waiting for -- my motels are \$1,100 so a  
18 total of both trucks so.

19 Q. Don't talk to me about the '04 right now. I  
20 am just asking you about this 278 motel charge. Which  
21 driver was that for and what city?

22 A. You want to deal with more exhibits? I don't  
23 know if it's important, but here is motels. For what  
24 driver I don't know.

25 Q. Mr. Genchev --

1 Let's go off the record.

2 (Off the record.)

3 (Exhibit 60 was marked for identification.)

4 BY MR. MORENO:

5 Q. Let's mark as Exhibit 60 some hotel or motel  
6 bills for -- these are all dealing with the 2004 or the  
7 2005?

8 A. Correct.

9 Q. Which one?

10 A. Both.

11 Q. And you understand that you -- you understand  
12 and we kind of touched upon this in your first  
13 deposition that your warranty for the tractor excludes  
14 coverage for down time and hotel accommodations, true?

15 MR. JAFFE: Objection. Calls for a legal  
16 conclusion. Lack of foundation.

17 BY MR. MORENO:

18 Q. Go ahead.

19 A. Yes.

20 Q. Yes?

21 A. If it's under normal circumstances, if you  
22 gather \$1,100 in hotel bills --

23 Q. Sorry. Does each tractor --

24 MR. JAFFE: Wait. He wasn't finished. Are  
25 you done?

Genchev vs. Freightliner, LLC, et al.

1 A. Yeah.

2 (Exhibit 61 was marked for identification.)

3 BY MR. MORENO:

4 Q. I'll mark that as 61. What are these other  
5 documents here?

6 A. These are some claim history or repair  
7 history.

8 (Exhibit 62 was marked for identification.)

9 BY MR. MORENO:

10 Q. We'll mark this next stack of documents as the  
11 some portion of the Freightliner claim history fax cover  
12 sheet from Tracey Road Equipment. Why did you authorize  
13 Tracey Road Equipment to charge your AmEx card?

14 A. Because I needed to pay for something.

15 Q. Then we have Detroit Diesel warranty history,  
16 some more fax cover sheets. One to Doug Jaffe. Let's  
17 take that out.

18 MR. JAFFE: Thank you.

19 BY MR. MORENO:

20 Q. We'll mark that as 62. Now, since picking up  
21 your unit from Valley Detroit in November 1st, 2006, how  
22 is it performing?

23 A. Okay.

24 Q. It's performing okay?

25 A. Yes.

Eugene Genchev –Owner of Freightliner Classic XL

03/02/2005 Purchased a New Freightliner Truck at DuBois, PA.

Between the months of March and September the following items were repaired in Freightliner Shops around the Country: Windshield washer reservoir, steering pump, cab's door, driver's seat, surge tank, turn signal light, rear axle, transmission, engine, air intake.

In August the Truck experienced electrical malfunction, which required road side assistance. Unfortunately the problem remained and the Truck began to shut down on the road occasionally after sudden lost of electrical power. In September after such an incident the Truck stopped in the middle of the railroad track in Los Angeles and CHP immediate intervention and Tow Service was necessary .Total cost was \$ 680.88

After discovering that I have Warranty covering Road Side Assistance and Towing I contacted Freightliner Technical Support and was told by Ken Cummins to submit the invoices for reimbursement .As we were speaking on the phone the Truck broke down again somewhere in Georgia for the same reason. Ken told me he'd take care of it and issued me a reference number.

A few days later in WA the Truck was taken to a Freightliner Shop with clutch malfunctioning. It was Sunday afternoon and the Service Adviser told me that the clutch needed to be replaced and it's most likely warranty job, but he can't get approval before the next day. Since he got an open bay he asked me to begin the work right away and I agreed. The following day the warranty was declined and I was presented with \$ 2,046.31 bill.

I immediately contacted Ken Cummins and asked for his help and he assured me he'd look into it. Meanwhile he offered to replace the faulty switch, which was causing the electrical problems .At the same location the battery needed to be replaced for additional \$ 601.65. That was directly related to the electrical malfunction.

A few weeks later in Texas the fan blade came off hitting the radiator and causing severe damage .I was told the warranty will cover the repair, but ended up paying \$ 2,810.70 after they refused to pay for the progressive damage.

I presented Mr. Cummins a request for reimbursement for the charges I believe I'm not responsible to no avail.

In May 2006 the electrical problem re - appear .In Freightliner Columbus, OH improper wiring was discovered. It cost me late load and \$ 313.71 in repairs.

As I prepare this document as of 10/11/06 the Truck is been repaired in Savannah , GA after another huge electrical mishap .The estimate is \$ 3,350 + without counting \$950 already spent on Road call and towing .The hot load We're currently on will be several days late with dare consequences.

So far the" privilege" to operate this Top of the line equipment with rose wood dashboard and heated leather seats for which I paid \$ 112 ,000 is additional \$ 10,700+ in repairs directly related to their warranty coverage which they refused to honor and their negligence.

Truck: Freightliner Classic 2005

\*It has been roadside assisted 3 times.

\*Towed 3 times.

\*Major brake down 3 times.

\*Minor repaired 5+ times.

\*Late under load at least 3 times.

\*Absent from the road 20+ days.

\*Out of pocket repair cost \$10,200+ for 18 months.

12000 + for 20 m.

\*Average \$600 a month extra cost.
